

Gena's Key Points

[AMERICA ! It's Time To Stand In Truth !](#)

America is under attack by many who want to change its values and standards it was created on. The very core that made it great; blessed by the God of heaven. We have let the enemies use tactics to lull and cover up their agendas. We have been warned by others who fell into their trap of socialism and communism. If these things worked then the others who are warning us not to fall into these traps of eventual destruction. Argentina has warned that it isn't working. Gabrelle Brigitte is letting us know of the takeover of her home land over 20 years ago. As a child she was raised in a Christian family and overnight the Islamic bombed their home and for the next 7 years they lived in a bomb shelter. only coming out at night for food and water. She said she learned how to peel thorns. Only Israel came to their rescue. Some of the people from Argentina are warning that people are eating out of the garbage cans. The Koran states that they should kill the infidels. It's either join them or be killed. There is people who have been planning this for America for years. But God stopped them. God blessed us with a president who is concerned about people and is trying to help people. They are fighting him right and left. President Trump is a man, not perfect, but striving to do right. It is time God's people start to back the man God sent to deliver us from the evil that they are trying to impose upon us: taking our rights one by one. That is just a start. I am not saying Christians because this term has become so general. It is no longer expecting a person who follows Christ Jesus and his teachings. The churches in general have been caught up in the blessings and forgot that God is also called his people to help others to be established in the faith. I'm not against being blessed. I am against serving the "almighty dollar". God does bless his people but it should not become our God. Isaiah 59:4 None calleth for justice nor any pleadeth for truth: they trust in vanity; and speak lies; they conceive mischief and bring forth iniquity. This is talking about Israel and today is describing many of our leaders today. It's time for us to stand up and fight the enemies of God, and not our Brothers in Christ. Get behind our president and help him. Be in prayer for his safety, wisdom, and protection of his family. Also remember our vice-president. God is calling us one last time to lift up our voices like a trumpet. Cry aloud and spare not. Show forth the people their transgressions and their sins. We are living in the last days and judgment is beginning in the house of God. The day of the Lord is coming. Let's get ready and fight the good fight of faith while we still can.
